

Directions: Please discuss the following items with your student. Put a check (or an X) in the box that best describes what your student **CAN** do. This is an informal assessment, so make it as casual as you like.

Here's what I can do.	I can do this. No problem.	I do OK most of the time, except when things are complicated.	This is a little difficult for me, but I can do it with some help from others.	This is very difficult for me. I can only do it with a lot of help from others.	I can't do this. No way. It's much too difficult.
Recognize and compare integers.					
Add, subtract, multiply and divide integers.					
Solve word problems for integers.					
Translate and evaluate expressions and exponents.					
Add and subtract expressions.					
Multiply expressions.					
Use the distributive property to solve expressions.					
Factor expressions.					
Solve multi-step equations.					
Relate variables in word problems.					
Plot coordinates on a graph.					
Graph an equation.
